A Camera In Every Container?

Remotely monitor container fullness, identify content and contamination, track GPS location and verify service. **Watch the demo.**

New Hampshire voters could prevent development of new Casella landfill

After facing multiple public and legal setbacks to expansion efforts at an existing site, the company is pursuing an alternative plan involving land

adjacent to a state park.

UPDATED

EPA plans to approve landfill emissions plans from multiple states

The movement comes after a federal judge largely ruled in favor of a lawsuit brought by multiple states, which had challenged the agency's inaction to implement 2016 rules governing methane emissions.
